THE NEWS IS GOOD, AND THE GOODS ARE BACK OF IT

What It Means to "Get Your Money's Worth"

It is often easy to get a splendid bargain, and yet not secure the thing you wanted. Very frequently your wants could be more exactly supplied at regular prices and at lower cost.

Getting your money's worth is getting exactly the thing what you want at its least cost, and this is what we try to supply to our customers.

We want all to be satisfied. We never want to sell anything to a customer who will go home and wish that something else had been purchased.

We want everybody who comes to this store to secure the very best merchandise to meet their need or desire, and to always secure the most that can be purchased anywhere for the price paid.

We give many bargains in our business, and many of our customers are enabled to buy exactly what they want at very much less than regular prices. But our chief pride in our business is to have customers come and pay regular prices for new goods and secure that which exactly suits their needs, and always get the biggest possible money's worth.

Some of the Early Spring Millinery is Reduced

To be quite candid, some of them have been here a bit longer than we like, and some are not quite so fresh as we like our hats to be; consequently, the prices are considerably lowered.

The styles are good, the materials also of good quality, and the hats are quite becoming. Perhaps, just the hat you need to tide you over until Summer will be in the collection.

Porch Shades Mean Summer Comfort

Without shades, glare, heat, partly useless porches, with them, restful light, cooler air and porches that are almost outdoor sitting rooms.

Vudor shades made of broad strips of lindenwood, dark green and supplied with safety rope to keep them stationary; from \$2.25 for size four feet wide to \$7.50 for size 12 feet wide.

Odorless Refrigerators Who Buys?

The "Odorless" is the quickest acting refrigerator we know of in getting a low temperature. It is an absolute protection against mingled food odors; besides being so scientifically made it saves ice bills.

Who buys?

A Rounding Up of Women's Fine Spring Suits to Sell at \$14.50

The very latest in fashion, but only one of a kind, samples, oddments, some here little too long but none over one month, and the prices are lowered in consequence.

There are charming, fancy suits and distinguished-looking plain ones.

Navy serges and gabardines, needle-cord poplins and black and checks;

It is impossible to go into details as to styles; we can only say that the suits are very good, very reasonably priced and will delight many women who yet have their suit to buy.

All sizes to 44 bust measure.

Vacations in the Fore- ground--Blue Serge Suits on Vacation--for Young Women

The collection of new vacation and travel suits is large enough now to ask young women to come and see them. They show the new fashions, and you get a very good idea of what you will wear and see others wear on their vacation.

At \$21.50 and \$25 is an assemblage of smart styles—attractive models in True Blue Serge, and Summer weight Gabardine.

Moths Must Live But Not in Cedar Wardrobe Bag and there is no particular reason why they should feast on your fine garments.

A small investment in moth-insurance now, that is in a cedar bag will save a great many dollars later on.

We have in stock today a plenty of the famous Cedar Wardrobe and Tar Bags and are selling them at 65c and 85c; Two large sizes.

Friday and Saturday Will Be Dividend Day For Fine Curtain Scrims 3000 YARDS—REGULARLY 25c to 35c PER YARD All At One Price, 19c

We have cleared the deck in the great selling of curtain stuffs—and will set sail Friday morning with something over 3,000 yards at an unusual low price; the collected overplus of all the recent special events.

At 19c a yard—any housekeeper can choose from a variety of curtain scrims, fancy edges, stenciled borders and hemstitched, either white, cream or ecru.

The economical housewife who simply must needs have curtains should see them.

It is a clearance of kinds that were 25c to 35c earlier.
Sale in! Sale on! Friday.

A Remarkable Offering of A-Round-Home Dresses

This is an offering that will probably interest every housekeeper in our city. House dresses are always wearing out, and no good housekeeper likes to go untidy in the kitchen or around the house.

The dresses which we offer tomorrow is the 64x64 percales, an extra fine grade in both light and dark effects in large variety of patterns that any woman will like. We have just 292 dresses to sell at the special price of

65c each, regularly \$1

These dresses were made by the Emerson Manufacturing Co., Bangor, Maine, the makers of our fine "Puritan" Wash Skirts; they make house dresses between seasons to keep factory working; on March 20th they submitted us samples of them and wrote as follows:

"These dresses are as well made as we know how to make them; they are cut right and every dress fitted. Please have them tried on and note the fit. The figures in red are exactly what they cost us to make. We made them up to keep our help together in the dull time and these costs represent the actual cost of cloth and what we paid for making with no expense added whatever. We have sold a good many at a slight profit but are now ready to cash up."

The figures in red referred to were \$7.03, a dozen, the actual cost of making. They go on sale tomorrow at 65c—All sizes, 34 to 44.

Inspection Day.

Parents inspection day was observed by the Bridgeport schools Monday afternoon. A large number of patrons and friends inspected the work of the year and were enthusiastic in their praise of what has been accom-

plished by Principal C. W. Post and his assistants. The display included manuscript, drawings and constructive work.

Fruit punch and wafers were served from a beautifully appointed table by the girls of the high school.

OF INTEREST TO WOMEN

Uses for Soda.

When tins are hard to wash, or when food has been burned on them, put the dish on the stove with cold water, add a teaspoonful of soda. Bring the water to a boil and the dish will wash easily.

Cold rain water and soda will remove machine grease from washable fabrics.

For headache or sour stomach take half a teaspoonful of soda in a little water.

For dyspepsia, a quarter of a teaspoonful of soda in a tumbler of water drunk three or four times a day, gives relief.

Cover bugs with a paste of soda and cover with a damp cloth.

To keep gruel or milk sweet put in them a pinch of soda.

Weak soda water is excellent in cases of prickly heat or fever.

To restore the finish to furniture, wash it thoroughly with a solution of warm water and a little soda. Rinse well and wipe dry.

Lard that has become rancid may be sweetened by reboiling and adding a little soda.

Austin Myers, a local automobile

agent, was fined \$6.60 for speeding his car around Fifth street corner and up Fifth street hill.

Edward Matheny and H. R. McDowell, arrested for being drunk in the streets were fined \$6.60. Both paid up and were released.

Australia contains about 45 horses to every 100 residents.

Miss Jeannette Rankin and "I'm a Voter" button.

Miss Jeannette Rankin of Montana, ardent suffragist, conceived the idea of a button bearing these words: "I'm a Voter." The button is being worn by women from suffrage states who are attending the Panama exposition. The idea is to constantly remind women from the east of the boon they are missing.
